

# Solomon Ifeoluwatomi Olufelo

solomonolufelo@outlook.com · (289) 233-8317 · github.com/solufelo · captainsolo.ca

## Professional Summary

Hard-working, punctual, and physically active professional with extensive experience in event setup, physical logistics, and equipment coordination. Proven ability to handle delicate, heavy audio-visual assets, construct production set-ups on fields and courts, and manage tight schedules under pressure. High-reliability worker with a track record of completing 1,400+ client deliverables with exceptional ratings.

## Key Skills

|                         |                                                                                                                             |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------|
| Event Setup & Staging:  | Audio-visual rigging, tripod/jib/crane setups, cabling and power safety, camera stabilizer calibration, structural assembly |
| Logistics & Operations: | Inventory monitoring, shift coordination, client-facing communication, digital asset archiving, schedule tracking           |
| Physical Abilities:     | Heavy lifting (up to 50 lbs), extended periods of standing, outdoor/indoor event staging, quick-response troubleshooting    |
| Work Ethic:             | Strict punctuality, self-motivated contractor, collaborative teammate, detailed reporting                                   |

## Work Experience

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                       |
